April 9, 2004

Rod Leavitt, Commissioner
Santa Clara River Distribution System
P.O. Box 8
Gunlock, UT 84733

Dear Rod:

On Tuesday, April 20th at 1:00pm there will be a meeting with the lower Santa Clara water users at the Washington County Water Conservancy District Offices. The purpose of the meeting will be to discuss the changes in how water will be distributed on the Santa Clara River as a result of the recent Shivwits Agreement. We are hopeful this discussion will establish a common understanding of the future operation of the river system so it is important that you attend if possible.

Also, prior to the meeting with the water users, Kerry Carpenter and I would like to meet with you to discuss the provisions of the agreement to make certain we are agreed in our understanding of them. Would you please meet with us at 11:00am in the Washington County Commissioners' Conference Room in the Washington County Administration Building at 197 East Tabernacle.

We appreciate your ongoing efforts to provide an orderly distribution of water on the Santa Clara System. If you have any questions about the meeting please contact me by phone at (801)538-7380 or by e-mail at LeeSim@utah.gov.

Sincerely,

Lee H. Sim, P.E.

Assistant State Engineer for Distribution
